CUSTOM BEEF PRICING (March 2015)

\$5.00 per pound hanging weight (USDA Choice)
Pricing subject to change

Typical Weight Ranges:

Whole (600 - 1000 lb) • **Side** (300 - 500 lb) • **Split side** (150 - 250 lb) No Quarters
(Weights shown are "hanging weights" and the basis for costs. Net packed weight will be approximately 65% of this weight and is a function of the various selections you make for cutting and packaging)

- Deposit required, if using personal check or cash:
Whole: \$1500.00 - Full Side: \$750.00 - Split Side: \$375.00
Credit card information must accompany order as order guarantee
(Card number, expiration date, billing zip code, security/cvn code - 3 or 4 digits).
- Prices are based on hanging weight including **DRY AGING**, processing (vacuum wrapped in clear plastic with customer name on each label – bones and ground are bagged), customer pick-up at the farm. Delivery can be arranged for a fee.

Example of 800 pound hanging weight for a whole steer:

Whole	800 pounds hanging weight	<u>\$4000.00</u> Total Cost
	X \$5.00	560 lbs ~ Net Weight = \$7.14 pound net cost
	\$4000.00 Total cost	
	(1500.00) Deposit	
	\$2500.00 Due at pick-up	

Side	400 pounds hanging weight	<u>\$2000.00</u> Total Cost
	X \$5.00	280 lbs ~ Net Weight = \$7.14 pound net cost
	\$2000.00 Total cost	
	(750.00) Deposit	
	\$1250.00 Due at pick-up	

Split Side	200 pounds hanging weight	<u>\$1000.00</u> Total Cost
	X \$5.00	140 lbs Net Weight = \$7.14 pound net cost
	\$1000.00 Total cost	
	(375.00) Deposit	
	\$625.00 Due at pickup	

The above are for illustration purposes only. Actual hanging weights can only be determined at time of initial animal processing and can range as indicated above. Net weights are a function of the cutting options you select and aging time – 65% would normally be the lowest net weight.

Average turn around is 4-6 weeks once deposit is received. Orders can take longer depending on availability and time of year.
